Fees and Payments

Scott is a professional adviser who receives payment for the advice and services provided. Your adviser will receive payment either by collecting a fee for service, receiving commissions, or a combination of both.

Fee for service - Fees are charged according to the work undertaken by your adviser and may be charged on an hourly basis or as a flat fee. A fee may be charged for the initial work in developing and implementing a strategy, as well as for ongoing monitoring and reviews. Under a fee for service agreement, initial and ongoing commissions (investment only) will generally be rebated back to you.

Commission – Your adviser may receive upfront and ongoing commission for the personal insurance services they provide. Whilst there are a number of commission rates available, with effect from 1 January 2020, Life Insurance commissions are capped at 66% (including GST). Ongoing commission on Life Insurance is capped at 22% (including GST) on renewals.

Commissions are not an additional charge to you, they are paid by product providers for insurance or investment policies.

Our fees and charges vary according to the scope and complexity of the advice required. The scope of the work and the fees charged for services are agreed with clients prior to commencing work.

As a guide Scott's advice fees are \$495.00 per hour including GST. Admin costs at Seek Financial Advice are less than this.

Statement of advice preparation, scope of advice required, and insurance product commissions vary from client to client.

A preliminary meeting will be conducted to work out requirements and costings to help you achieve a plan for your financial goals. Many clients choose to minimise their out of pockets by utilising insurance product commission to cover portions of the advice cost.

The Statement of Advice provided to you by your adviser will clearly set out all fees, charges and commissions payable.
